MUHAMMAD SAIM

WEB DEVELOPER

OBJECTIVE

Motivated Laravel developer with practical experience in creating dynamic and feature-rich e-commerce websites. Skilled in implementing full-stack web solutions using Laravel, with a focus on building secure, scalable, and user-friendly applications. Eager to join a professional team where I can continue to learn and enhance my development skills while contributing to impactful projects.

PROJECT EXPERIENCE

● Bicycle Selling E-commerce Website

Technologies used: Laravel, MySQL, Laravel Breeze, Bootstrap, JavaScript.

Developed a comprehensive e-commerce platform for bicycle sales, featuring seamless cart and checkout processes, flexible shipping options with tracking, and discount management using promo codes. Integrated a wishlist for users to save favorite products, and implemented secure authentication with Laravel Breeze. The platform also includes an admin dashboard for efficient management of product inventory, orders, customers, and shipping logistics.

SOFT SKILL

- Strong problem solving skill.
- Quick learner and Adapter.
- Capable of working effectively within a team, coordinating tasks, and promoting collaboration to achieve project goals.
- Passionate about web development and continuous learning.
